

Board Resolution  
August 9, 2018

The Board acknowledges a review of all Board Policies currently in effect, as previously adopted by the Board. In light of the January 11, 2018 decision in Lehman v. Fox C-6 School District, Case No. 17AC-CC00589, which interprets Section 171.011 RSMo to require each policy of the Board of Education to be "duly signed by order of the Board" in order to be effective this Board now adopts this resolution, which is signed by the Board president and attested by the Board secretary, upon authorization of the Board as a whole. This signed resolution shall accompany each policy currently in place, and shall function as signature by order of the Board for said policies. Policies that are amended or adopted after the date of this resolution shall be individually signed by the Board president and Board secretary by order of the Board.
